

ROOM EVENT!

2 DAYS ONLY! Saturday, April 24th and Sunday, April 25th

Event Hours: Sat. 10am-9pm and Sun. 10am-5pm
Be Prepared. Bring your measurements!

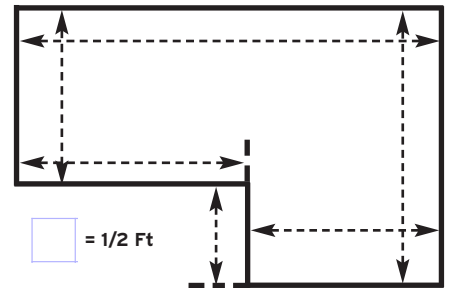

Using the graph paper below (see example), draw out each of your rooms and show the length of each wall (feet and inches). Show the closet location, if any, and the size of each wall. Bring this form in during the event and one of our sales associates will tell you what size carpet you need to buy.

Some additional things to know:

1. Arrive at the store early to get the best selection.
2. If you would like to have the carpet bound into a rug, instead of installed wall to wall, that option is available at no extra charge.
3. We will have 1,000 room size carpets on display during the event. In every style, pattern and color imaginable.
4. The room price includes, 6 pound quality pad, moving of furniture, removal and recycling of your existing carpet and installation of the new carpet. No extra charges !
5. In addition to the \$199 and \$299 price points, we will also have larger size pieces for extra large rooms, at \$399 and \$499.
6. Delivery is also included in the price, so you do not have to take the carpet home with you. The installer will bring it on the day if installation.

We look forward to seeing you !

Measure each wall in the room. For stairs, count each tread and measure the width of the tread.

A large grid of graph paper for drawing the room layout. The grid is 20 units wide and 30 units high.
