

To Our Valued Customers

Effective 05/25/21 as per the governor of the state of New Jersey and the latest CDC guidelines, mask(s) are no longer mandatory indoors if you have been vaccinated.

Accordingly, Worldwide will align our mask mandate policy with the latest state and federal guidance.

Any employee or customer who enters our establishments should continue to wear a mask if they have not been vaccinated.

We will continue to diligently disinfect and clean all surfaces on a regular basis as part of our normal routine.

Thank You For Your Cooperation
